## Additional Sections

<b>Folder Name</b> <i>(exact name may vary depending on curriculum)</i>	<b>Details</b>
Curriculum folders	We have created streamlined folders based on our existing material for certain curriculum. These will generally be listed beneath the Languages in Action material.
Current Events	This section has a series of mini-units released each term on current affairs. Most units are aimed at the end of secondary level to act as unfamiliar texts for exam purposes. They each have a listening and reading comprehension text and a brief introduction.
Video Library	This is a set of video scenarios with native speakers. Each video has an option for with or without subtitles (in the target language). Videos are recorded with native speakers to resemble natural scenarios. See the guide in the folder for more information.
Formative Assessments	These assessments can be assigned to new students to help ascertain whether they have studied particular topics at the relevant level. They have a range of questions based on each topic of Getting Started with German, Languages in Action: Beginner and Languages in Action: Intermediate levels and will provide recommendations towards any unit the student struggles with. You may want to customise these to remove topics you don't want to test.
