## About

The mission of the College is to nurture the personal, spiritual and academic growth of each individual in this community in an atmosphere of faith, care, support and encouragement.

We encourage personal excellence, self-discipline, and a sense of responsibility.

These are demonstrated in our respect and concern for the wellbeing of all.

## Our online learning journey

We currently use Education Perfect In English, Languages and Maths. Next year we are moving to the full suite of subjects.

We implemented Education Perfect primarily for our Languages in 2016 and it has been the best decision for our domain.

We monitor student progress and students, teachers and parents can reflect on the data displayed after every set assessment task.

## Why Education Perfect (EP)

We chose Education Perfect as another way of instilling a love of learning in our students in the best way they know how to communicate, and this is digitally, especially during these global unprecedented times.

With Education Perfect's support, professional learning and access to their recorded webinars we, as teachers, have become more resourceful and innovative in our pedagogies via the Education Perfect Platform.

---

*"Education Perfect is an engaging, educational online platform which monitors students' progress and allows teachers to give their classes constructive feedback both on formative and summative assessment. Our junior students enjoy the competitive opportunity of Education Perfect competitions whilst also being able to complete assessment tasks online during distance learning. Education Perfect really is a fantastic online teaching and learning toolkit."*

**Claudia Russo**

Languages Domain Leader  
Catholic Regional College, Melton

*"I am really enjoying using Education Perfect with my students. It's been great to learn how to create assessments on the website and share it with my team. Thanks for a wonderful resource :)"*

**Louise Crocitti**

Italian Teacher

## Impact

- Education Perfect allows our teachers to differentiate lesson plans within diverse classes.
- Students are highly engaged in their lessons and thoroughly enjoy the Competitions which Education Perfect promotes across the core subjects throughout the year.
- Real time data allows teachers to monitor student progress and students, teachers and parents can reflect on the data displayed after every set assessment task.
- Our teachers work collaboratively to create work online as opposed to working from a textbook.
- We have observed an increase in retention rates of students studying Italian from Year 9 through to VCE.
