

Education Perfect Media Fact Sheet

About Education Perfect

Education Perfect (EP) is a leading digital platform, enabling transformative online teaching and learning experiences to power the 21st century classroom. EP supports the engagement of students in online learning, provides effective assessment during the learning online process, and enables the collection and analysis of student feedback.

From eight offices in Australia, NZ, and Singapore, EP supports over 1.2 million students, in more than 4,000 schools, across 80+ countries globally, with a mission to humanise technology for lifelong learners and unite the world through education and learning.

EP's integrated smart technology enhances teaching and learning through curriculum-based content delivery and a 'learner centred' approach, improving learning outcomes and creating lifelong learners – for School and at Home.

The EP platform contains a rich bank of over 35,000 curriculum-aligned lessons in a range of subjects including [Languages](#), [English](#), [Mathematics](#), [Science](#), [Humanities](#), [Health and PE](#), and [Digital Technologies](#).
