Empower your Adaptive Learning Cycle for English

Actionable Assessment

EP's auto-marked assessments make it easy for educators to understand where students are at in their learning journey, and take steps to address learning gaps.

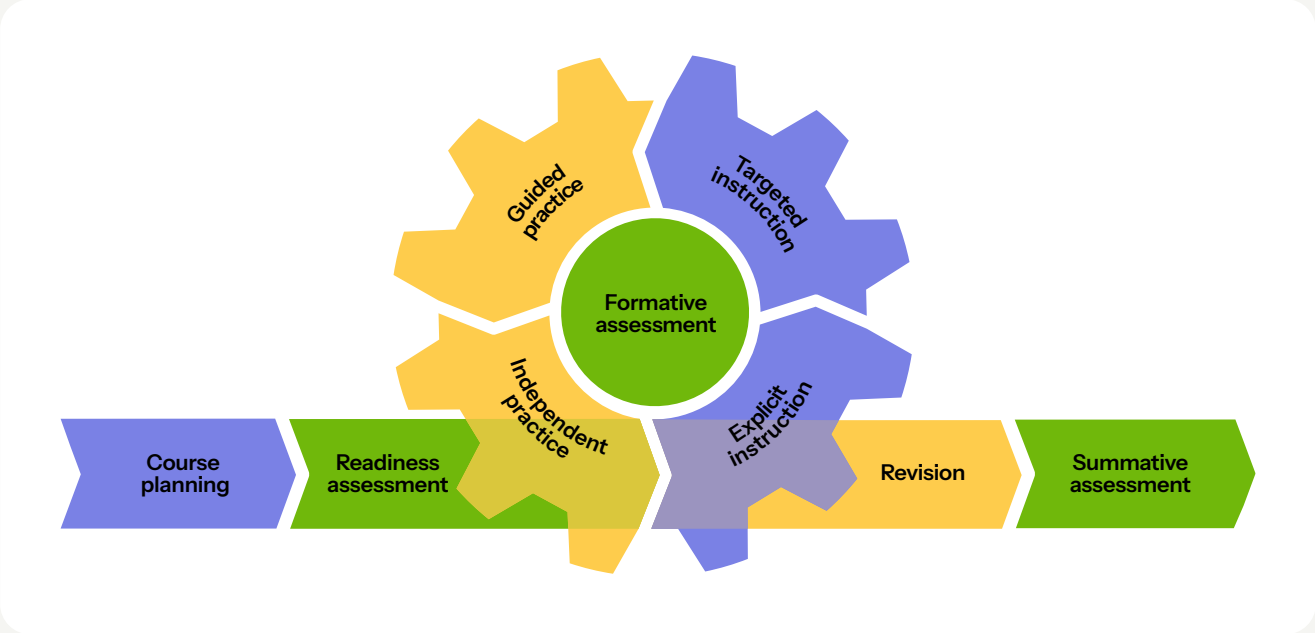
With EP English, teachers can:

- Track student progress against specific curriculum outcomes
- Identify strengths and weaknesses at an individual, class or school level
- Ensure targeted support for each learner with automated next-step recommendations

Individualised Instruction

Our extensive resource library supports differentiated teaching and learning practices, empowering teachers to:

- Support different learner capabilities with individual or group assignment options



- Create deeper levels of relevance and levelling with content customisation capabilities
- Enable students to progress at their own speed, with EP's self-paced lesson structure

Purposeful Practice

With 24/7 access to an engaging student platform, students can practice the skills they have learned in class and take an active role in their learning journey.

With EP, teachers can:

- Elevate the learning experience with student engagement features, gamification and multimedia integrations
- Empower student agency with clearly defined learning goals and success criteria
- Monitor progress in real time, providing immediate actionable feedback
- Speed up the feedback cycle to propel learning with EP's powerful AI Feedback Tool
